

LISTA VEHICLE WORKSHOP EQUIPMENT

THE HIGH-END SOLUTION FOR YOUR WORKSHOP

THE BRAND OF BRANDS

LISTA workspace equipment has been tried and tested hundreds of thousands of times in the vehicle and automotive sector. All major brands rely on the high-quality system that flexibly fulfils every customer requirement from single drawer cabinets to fully integrated work lines. The modular design and excellent quality ensure that LISTA applications fit perfectly, are durable and robust. The special industry requirements are implemented in detail. This enables you to benefit from a personalised, coherent solution that makes your workshop better-organised, more efficient and even more visually appealing.

Put your faith in superior quality and durability – just as leading automotive brands worldwide do.

SUPERIOR KNOW-HOW FOR YOUR WORKSHOP

The right solution for every vehicle type: LISTA has exactly the workshop equipment you need. Efficient, reliable and tailored to your individual requirements.

MOTOR VEHICLES

RACING

UTILITY VEHICLES

MOTORCYCLES

PERFECTION IN LOOK AND FEEL LISTA WORKSHOP MODULES

Sophisticated, consistent and perfectly organised: LISTA knows what is important in the automotive industry. That's why LISTA offers a wide range of needs-based modules, superstructures and accessories to equip your workshop to the highest standards.

Maximum functionality and consistent design ensure top ergonomics – thereby reliably increasing the efficiency and productivity of typical workflows. And that's not to mention the prestigious look.

+ Well-established and experienced in the motor sport and automotive industries

+ Up to 30% more storage space due to full utilisation of the LISTA drawers

Variable locking systems

From standard locks with replaceable cylinders to fully electronic locking solutions, there are four intelligently tiered locking systems to choose from, including an RFID lock with mobile control, e.g. via smartphone.

Waste disposal

Customised LISTA cabinets and containers are available for the disposal of typical waste materials and scrap.

Stainless steel countertops

Countertops in stainless steel meet the most stringent requirements in terms of reliability, robustness and durability.

Stainless steel base

Elevated feet ensure ground clearance and optimum ease of cleaning. Individually manufactured stainless steel covers reliably protect against dirt and corrosion.

+ Premium quality
made in Switzerland and Germany

Partition material
The extensive range of partition materials for LISTA drawers – slotted partitions, metal dividers, troughs, foam inserts and more – provide secure and neat storage of all parts and tools.

Electric power, compressed air, oil and water
Special and customised solutions for the supply of electric power, compressed air, water and other liquids perfectly and flexibly fulfil the requirements typical of this sector.

Accessories
Numerous accessories such as perforated panels, containers, vices and more ensure an ideal supply and storage of materials.

Free-standing modules
Free-standing modules help you to exploit available space to the full even with no supporting walls.

A WORTHWHILE INVESTMENT BENEFIT FROM OUR KNOW-HOW

Workshop equipment from LISTA makes it easy for you. The modular system can be flexibly adapted and variably designed to create optimal solutions. Whatever you expect: LISTA workshop equipment not only makes processes efficient and workstations

ergonomic. It conveys competence and contributes to long-term customer loyalty. Last but not least, it is supplied from a single source and therefore offers you excellent service from consultation to installation and maintenance.

YOUR BENEFITS

LISTA provides security. As one of the leading manufacturers of workshop and workspace equipment worldwide, we offer our customers decisive added value:

Competency

LISTA stands for many years of experience in equipping vehicle workshops and renowned names in the automotive sector. Our solutions optimally meet the high, changing demands of the industry.

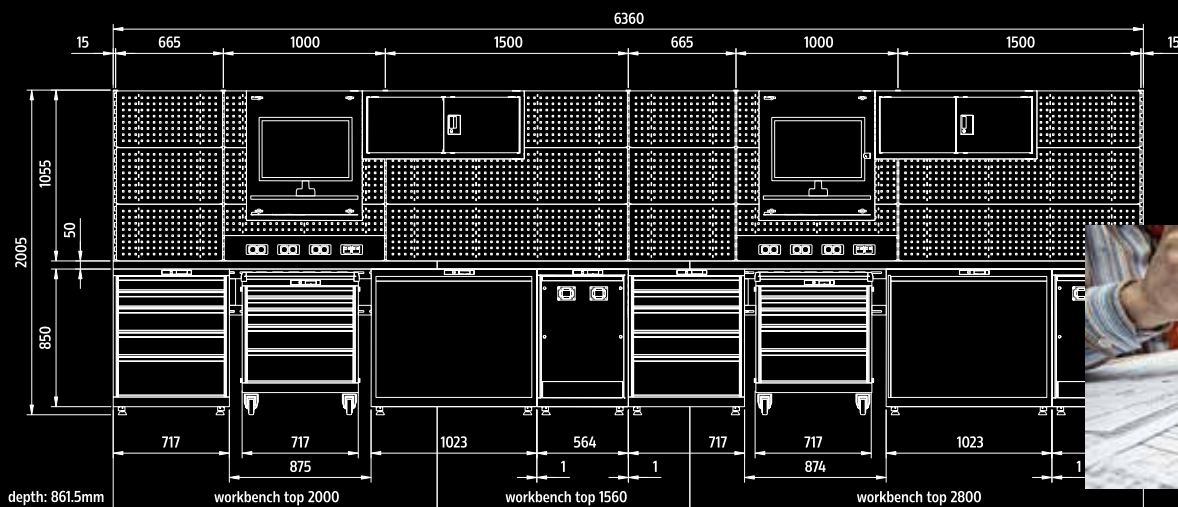

Success

LISTA demonstrably contributes to higher productivity and efficiency. For us, the joint success and satisfaction of our customers are the motivation and basis for a long-term and trusting partnership.

Passion

For us, performance is more than just a matter of function. We want to inspire. With reliability, professionalism and efficiency in execution. LISTA not only provides you with a first-class product, but also a compelling complete solution.

Product benefits at a glance

+ Modular system solution

- Simple design based on the modular principle
- Flexibly configurable by size, equipment, locking system, colour, etc.
- Wall-mounted and free-standing elements available
- Integrated, consistent design

+ Industry-specific modules

- Suitable elements for electricity, compressed air, oil and water lines, disposal and more
- Preconfigured workshop modules
- Complementary products such as heavy-duty shelf units, liquid storage cabinets, etc.
- Stainless steel versions available

+ Completely universal

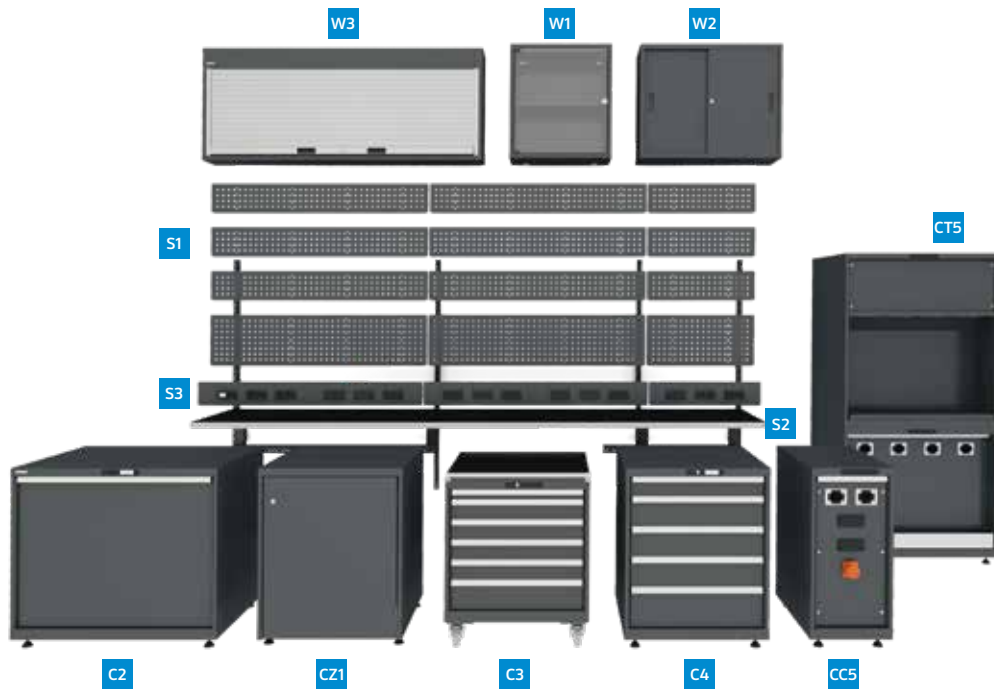

- Freely combinable modules
- Equipment for all areas: workshops, warehouses and salesrooms
- Standardised and aesthetically pleasing look and feel

+ Excellent quality and workmanship

- High-quality materials
- Durable, visually and haptically impressive design
- Extensive vertical integration
- 10-year guarantee

Partition material

Plastic boxes, troughs, anti-slide mats, dividers and more: the right partition material brings order to your LISTA drawers and also ensures more efficient workflows and increased productivity.

Accessories

Accessories such as hooks, lights or desk chairs complete your LISTA system. Design each workstation ergonomically and precisely to suit your individual requirements.

LOCKING SOLUTIONS

Variable locking systems

KEY Lock

Standard locking system with replaceable cylinder – also available as a master key system or simultaneously lockable

CODE Lock

Direct keyless access via a 4-6 digit code with up to 100 different user codes

RFID Lock

Same access as the CODE Lock with additional control option via RFID badge or RFID card

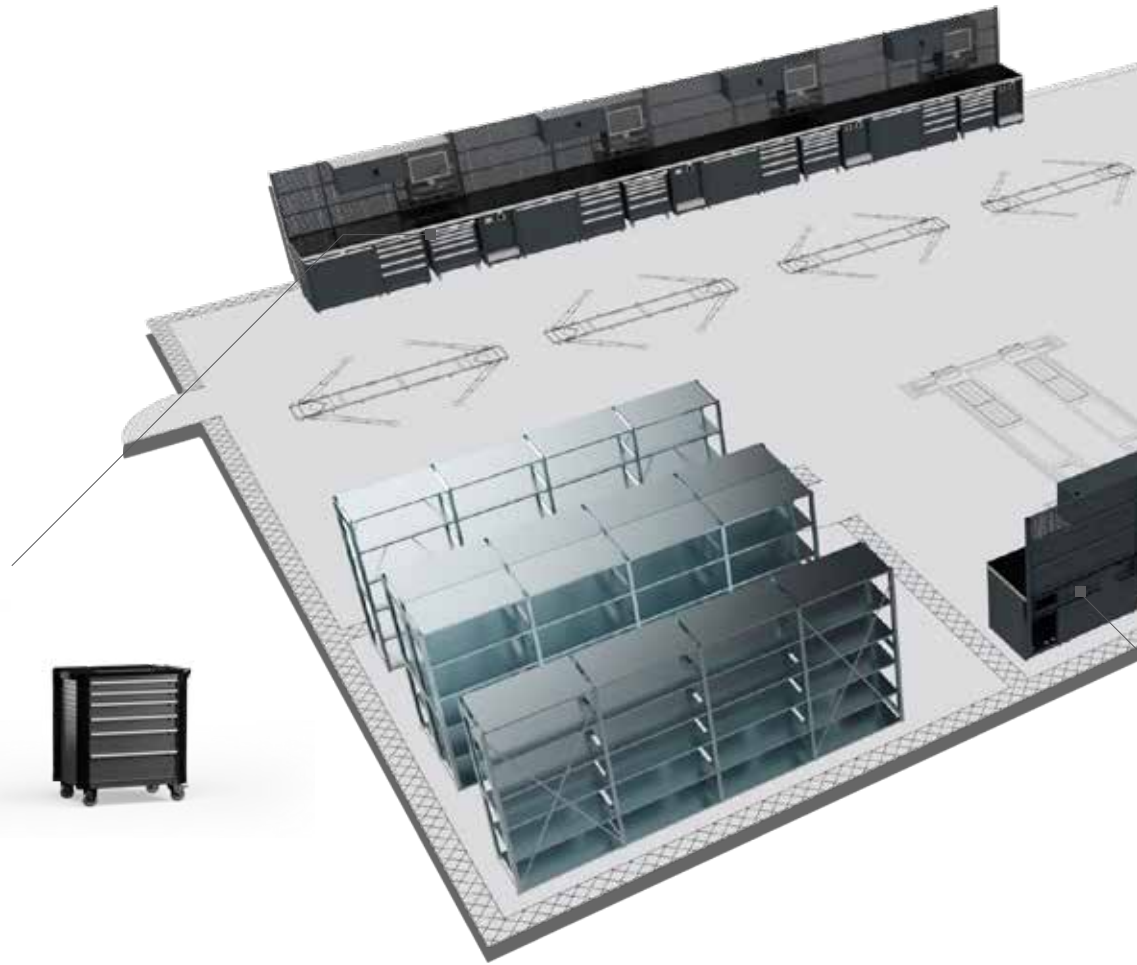

AUTO Lock

The LISTA AUTO Lock offers you the same functionality as our CODE/RFID Lock, except that it opens and closes automatically.

FOR ALL WHO EXPECT MORE COMPLEMENTARY PRODUCTS AND SOLUTIONS

In addition to special workshop modules and solutions, the LISTA system enables you to provide consistent workspace equipment through all rooms and applications. From the additional workbench to suitable storage shelves and clothes lockers, you benefit from a uniform design and first-class quality. As always with LISTA, there are numerous equipment and customisation options to optimally meet your individual requirements.

Clothes lockers

Testing/Inspection workstations

Cabinets

COLOUR YOUR WORKSPACE

FREE CHOICE OF COLOURS

LISTA workspace equipment is available in twelve standard colours, six predefined colour combinations and, on request, any other colour and colour combination. This allows you to design your workshop with complete flexibility and individuality. Different colours for different work areas, coloured accents to increase clarity or complete company facilities in the corporate design: it's all possible. All you need to do is contact us.
